Win A Free Trip To Europe!

submission@eurobsdcon.org

Deadline: May 19 th

(also, ask Ollivier or Peter for details)

Insert FreeBSD Foundation here

- Funding for OpenBSD and related Projects.

The OpenBSD Foundation

- We fund OpenBSD, OpenSSH, OpenSMTPD, PF/Carp, etc. etc. - And hopefully LibreSSL.
- Financial crisis this year averted through crowdsourcing.
- Actively pursuing sustainable, repeated donations, especially corporate
- We primarily fund project infrastructure, membership and developer events.
- We have occasionally provided support for sponsored development (KMS Intel/Radeon) and we wish to continue that in the right situations.
- We are seeking a temporary increase in commitment for LibreSSL. http://www.openbsdfoundation.org/
